The message was brief and plans ally contemplated at Gibcaltar, and been made for the annuediary to its leaving for Unimpton Roads.

The text of the president's message

sentatives:
The appelling calamity which has beillen the people of Italy is followed by
stress and suffering throughout a stress and suffering throughout a e region among many thousands have escaped with life, but whose elter and food and means of living destroyed.

g the wants of civilized communities paralyzed, and an exceptional emer-ncy exists which domands that the ligations of humanty shall regard

o limit of national lines. . The immense debt of civilization to Ituly for the warm and steadfast frendship between that country and our own; the affection for their native ind felt by great numbers of good American citizens who are immigrants from Italy; the abundance with which God has blessed us in our safety—all

from Italy; the abundance with which dod has blessed us in our safety—all citys and Julia Testa, 17 years old, discussed and effective relief.

Trivate generosity is responding nobity to the demand by contributions through the safe and efficient channel of the American Red Cross society.

Confident of your approval, I have ordered the government supply ships Celtie and Culgon to the scene of disaster, where types are receiving the antiformy which I now ask from you, they will be anily to dispense food, clothing and other supplies with which they are laden to the value of about \$200,000. and other supplies with which they are aden to the value of about \$200,000. The Celtic has already safled, and the importance of the eloping priest infrocked. So the returning battleship fleet are already under orders for Italian waters, and that government has been asked if their services can be made useful. I recommend that the congress ap-

prove the application of supplies above indicated and further appropriate the sum of \$500,000 to be applied to the work of relief at the discretion of the executive and with the consent of the talian government. I suggest that the law follow the form of that passed after the Mount Pelse disaster in 1902.
THEODORE ROOSEVELT. The White House, January 4, 1909.

SHORT SESSION OF HOUSE. Numerous Messages From President on Various Subjects Read.

Washington, Jan. 4.-After having been in session a little over an hour, the house of representatives adjourn-ed today out of respect to the memory of Representative Davey of Lou-isiana, who died during the recess. Numerous messages from the president on various subjects were read. The most important were a message recommending aid for the Italian earthquake sufferers and a message responding to a resolution asking for information as to what the president meant in his annual message regard-ing the secret service. The relief asked for the stricken Italian people was quickly and unanimously given, the sum of \$300,000 being appropriated. The secret service message was re-ferred to the special committee hav-ing to do with the matter, after Mr. Griggs of Georgia had moved to have returned to, the president, which notion he later withdrew.

SENATE

Passed House Bill Appropriating \$800,-000 for Earthquake Sufferers.

Washington, Jan. 4.-With practically no opposition, the senare today passed the house bill appropriating \$800,000 to \$46 the Hallan carriqualic sufferers. Senator Bailey of Texas de chared that such appropriations were unconstitutional but did not oppose congressional action. The sum of \$400,000 was appropriated by a senate bill today for the purchase or construction of a buildin gin Paris as the boine of the American ambassador. The bill will at once go to the house for its consideration, January 300,000,

tims. It also supplements the president's profes of the services of the entire American fleet of sixteen battle-ships whose use, in whole or in part, singed only on the acceptance or dec-ination of the Italian government.

The message was brief and plans
